

# Autodesk Certified User (ACU) Exam Tutorial

## 2023 Revit - Next Generation

## Autodesk Certified User: Revit 2025 for Architectural Design

- This exam has **30 - 35** questions.
- The maximum exam time is **50** minutes.

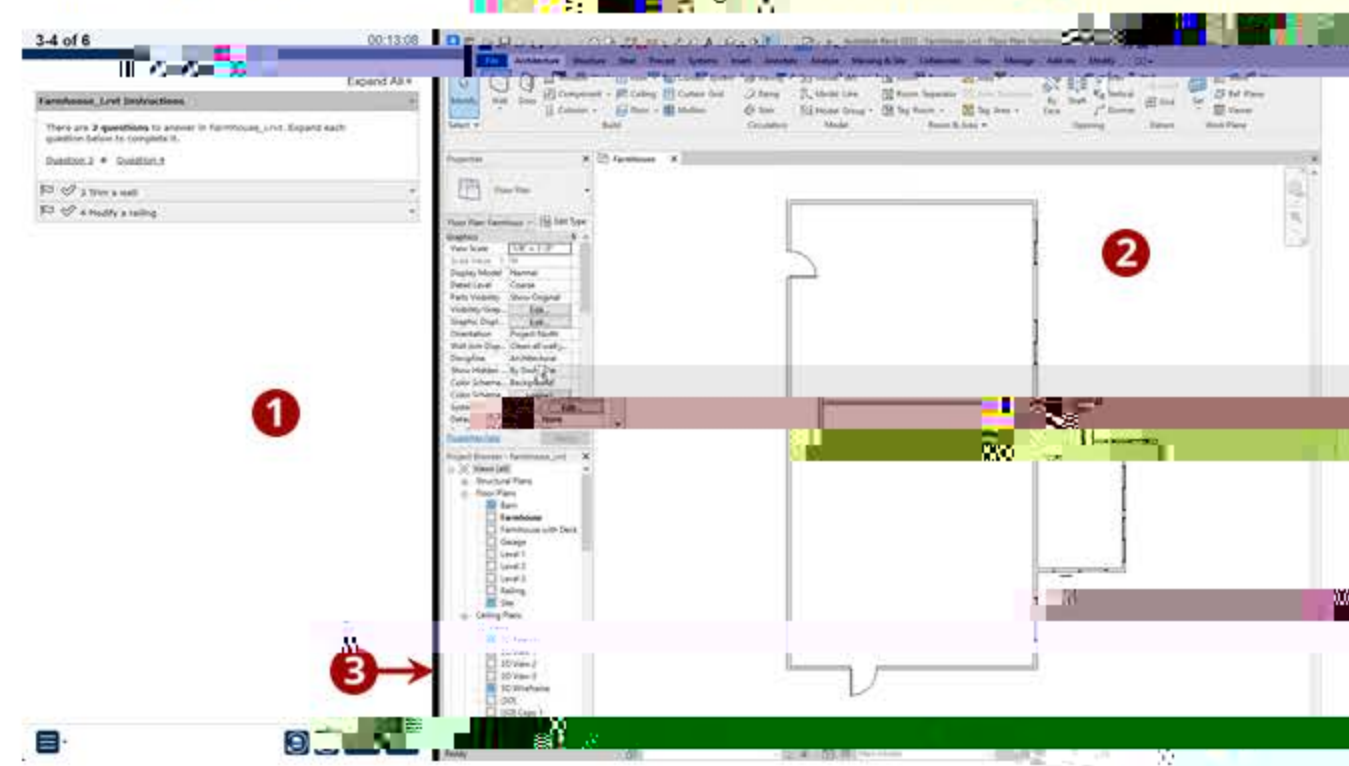

### Exam Process

The exam experience follows this process:

1. **Tutorial.** The tutorial provides helpful information about the exam environment.
2. **Exam.** You will take the exam in a secure, browser-based environment.
3. **Exam Summary.** The exam timer stops and you will see a summary of your results. You will also receive a link to your exam results page.
4. **Feedback.** You will receive feedback on your performance and a link to the exam results page.

### Exam Interface and Controls

When the questions section is launched, the exam panel will appear on the left and Revit will appear on the right.

You can change the size of the exam panel by dragging the vertical edge.

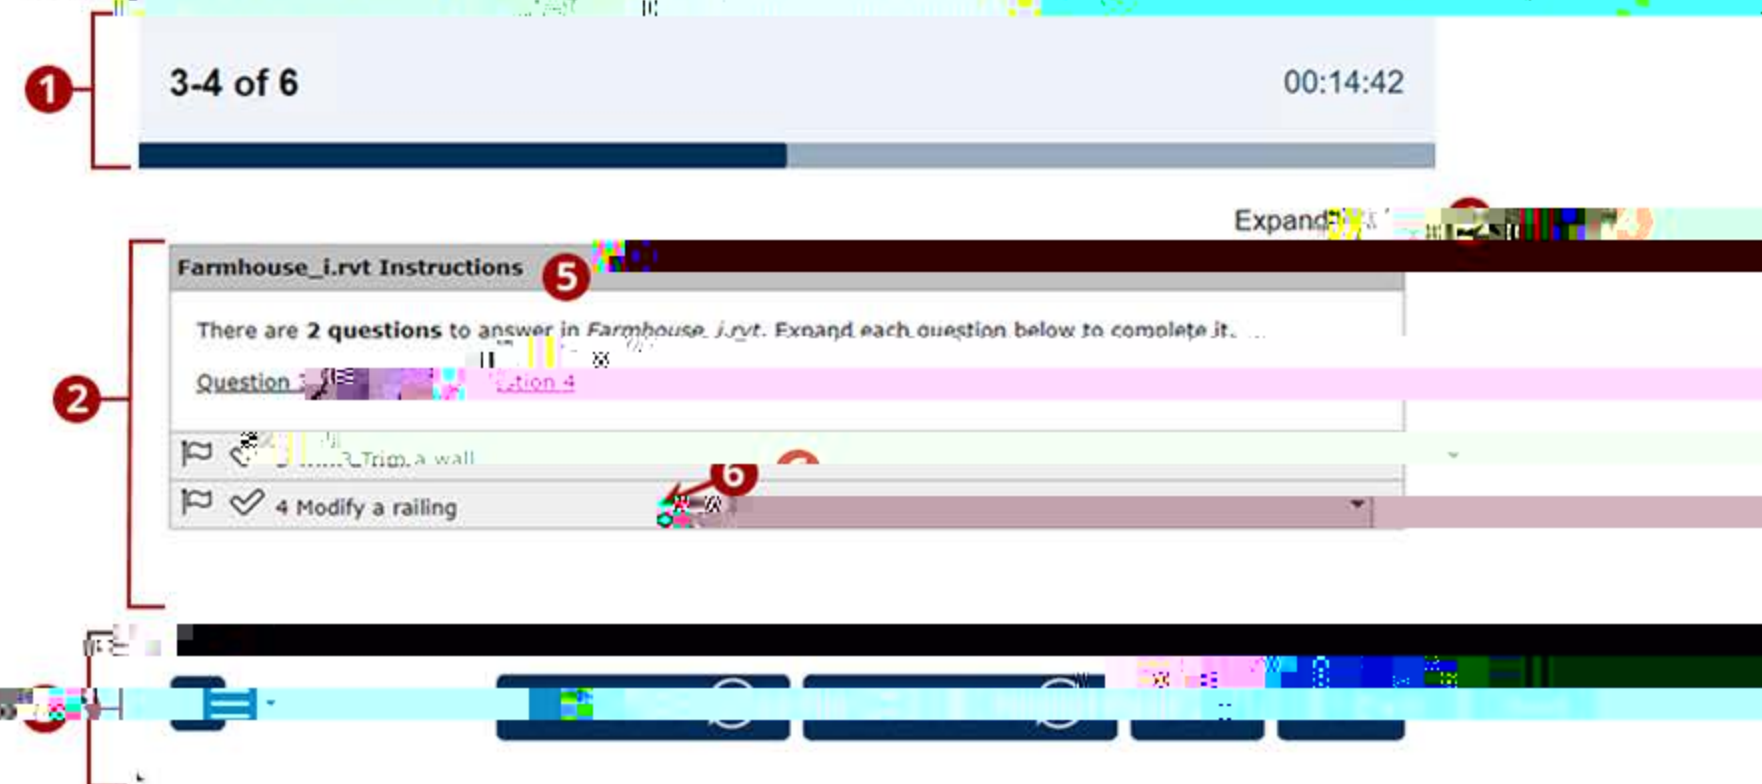

If you click Restore Down, the vertical edges will no longer move together, and Revit can be moved.

Exam Panel

The exam panel has three main sections: the Information pane (1), the Content pane (2), and the Navigation pane (3).

- 1 The **Information** pane at the top of the exam panel shows the current question.
- 2 The **Content** pane in the middle of the exam panel shows the list of questions to be answered for the current data file.
- 3 The **Navigation** pane at the bottom of the exam panel contains buttons and options for moving through the exam.
- 4 The **Navigation** pane at the bottom of the exam panel contains buttons and options for moving through the exam.
- 5 For each data file, there is a set of instructions that you must answer for the current data file.
- 6 You can click the **Expand** button to view the instructions for the current question.

### Question Options

questi

Farmhouse.rvt Instructions

3 Modify 4 Railing

Activate the Railing floor plan.

Modify the railing profile to extend to the edge of the stair as shown.

What is the railing profile name?

1 Onmark for Review

## Navigation Pane

The Navigation Pane shows the current file and the buttons to reload, restart, back, and next.

The buttons collapse into a single icon.

- 1 Go To Summary: This option displays the summary page.
- 2 Install: This option displays the installation page.
- 3 Calculator: This option displays the calculator.
- 4 Color Scheme: This option displays the color scheme page.

2 **Reload File:** Reloads the current file and the questions you've finished.

3 **Restart:** If for any reason Revit has closed or is frozen, select this button to restart it. The exam timer will reset.

4 **Back:** Loads the previous data file and the questions related to it.

5 **Next:** Loads the next data file and the questions related to it.

## Reviewing Questions

The Exam Summary page shows the status of each question. The exam timer runs until you select Finish Exam.

The Exam Summary in the top right corner shows the status of each question. The exam timer runs until you select Finish Exam.

Exam Summary

Time Remaining: 00:01:34

Select any category column heading or icon to return to items in that category.

1	Garage_i.rvt: Add a door to the back wall of the garage.	✓
2	Garage_i.rvt: Add a door to the back wall of the garage.	✓
3	Farmhouse_i.rvt: Trim the wall as shown.	✓
4	Farmhouse_i.rvt: Modify the railing path to extend to the edge of the deck.	✓
5	Barn_i.rvt: Attach the wall to the roof.	✓
6	Barn_i.rvt: Modify the window.	✓

Tools

3 Finish Exam

On the Exam Summary page:

1. The exam timer runs until you select Finish Exam.

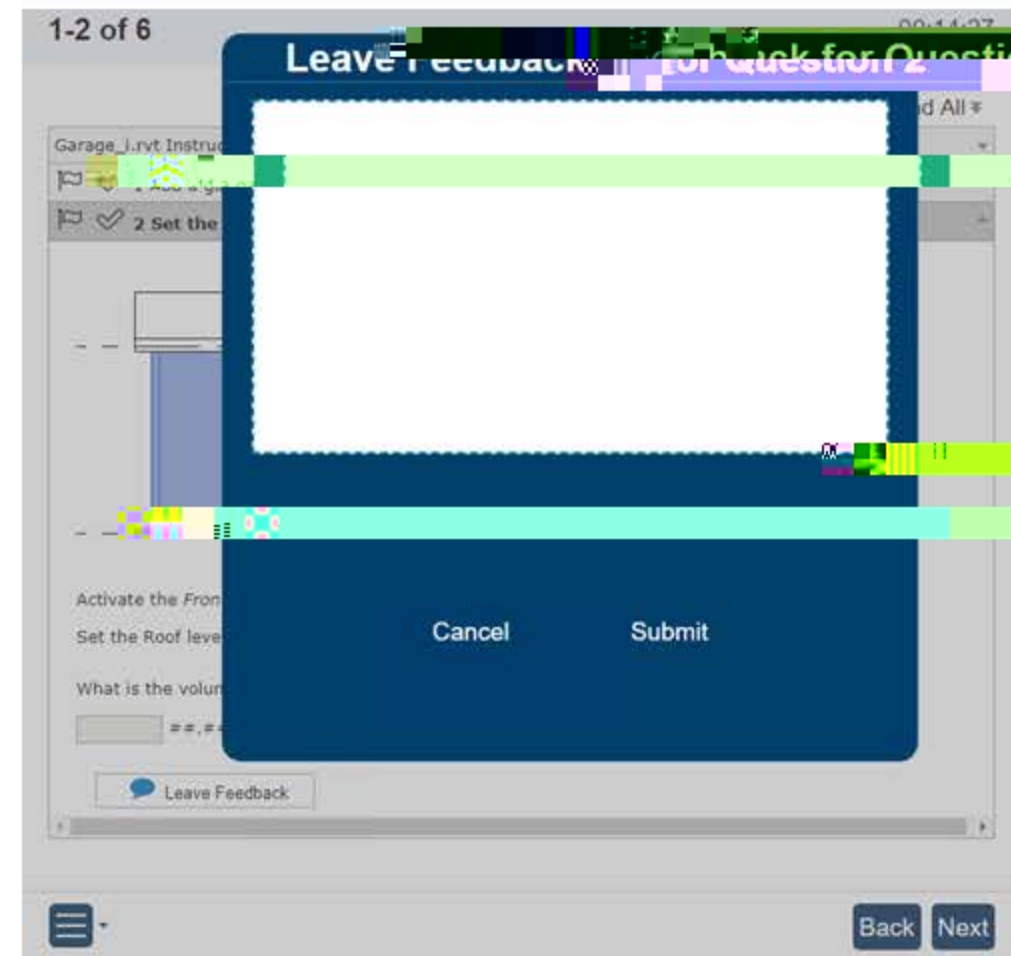

2. Select the **Answered**, **Unanswered**, **Review**, or **Leave Feedback** category heading to filter questions. The **Unanswered** column indicates questions you did not respond to.

3. Select **Finish Exam** to submit your answers.

### Feedback and Exam Results

After you submit your answers, you can leave feedback about the exam stage.

Expand a question and select the Leave Feedback button to leave feedback about that question.

When you finish leaving feedback or the feedback period ends, select **Exit Exam** to display your exam score report.

This is the end of the tutorial. Select **Start Exam** to leave the tutorial and start the exam. **Your exam time begins when you start the exam.**
