Reviewing Questions

The Exam Summary appears after the final exam question. You can also move to this page by selecting Go to Summary from any question.

The Exam Summary indicates the questions you have answered, not answered, marked for review, and marked for feedback.

On the **Exam Summary** page:

The **Unanswered** column indicates questions you did not respond to or for which you did not provide the required number of responses.

Select any question to return to that question.

Select the **Answered**, **Unanswered**, **Review**, or **Leave Feedback** category heading or icon to return to the set of questions in that category. You can review and modify your answers, clear the review flags, and mark questions for feedback.

The exam timer runs until you select **Finish Exam**. You will have the opportunity to leave feedback after you submit your answers.

Select **Finish Exam** to submit your answers, stop the exam timer, and move to the feedback stage of the exam.

You cannot change your answers after you finish the exam.

Feedback and Exam Results

After you submit your answers, you can leave feedback about individual exam questions and about the exam in general. The exam team will review your feedback and use it to improve future exam experiences. You cannot change your answers during the feedback stage.

You leave feedback about individual questions in Comment mode. For each question you comment on, select a comment category and subcategory. If none of the category or subcategory options apply to your comment, select **Other**.

The options are: 'A. iPhone X', 'B. iPhone 8', 'C. iPhone 7', and 'D. iPhone 6s'. The feedback dialog has a 'Comment Category' dropdown, a 'Subcategory' dropdown, a text area for the comment, and 'Cancel' and 'Submit' buttons. The background shows a navigation bar with 'Back', 'Next', 'Start Exam', 'Start for Review', 'Leave Feedback', and 'Tools'.

When you finish leaving feedback or the feedback period ends, select **Exit Exam** to display your exam score report.
